Voici le nouveau Terramax HLT toutes saisons haut de gamme, conçu pour les propriétaires de camionnettes et de VUS. Conçu pour assurer un roulement silencieux et stable, le Terramax HLT est construit d'un composé spécialement mis au point pour assurer une longue durée de vie à la bande de roulement et une traction efficace en toutes saisons. Le dessin de la bande de roulement réduit le bruit efficacement afin de procurer un roulement silencieux. Les blocs de la bande de roulement permettent une plus grande surface de contact, ce qui améliore la tenue de route et le coefficient d'usure. Quatre rainures très larges évacuent l'eau pour procurer la traction dont vous avez besoin, et sur laquelle vous pouvez compter.
